A PARTNER BUILT FOR YOUR SUCCESS

FRÍANT

For more than 30 years, Fríant has helped dealers deliver projects with speed and confidence. With U.S. manufacturing, global production, and a commitment to thoughtful design, we make it easier to keep timelines, manage budgets, and bring client visions to life.

With the right partner, you can keep momentum, meet expectations, and build confidence at every stage.

Meet the Jest Collection:

A versatile assortment of soft seating designed to look cohesive and work hard, from lounges and cafés to conference spaces and private offices.

JEST

***A single silhouette,
a spectrum of spaces.***

Jest brings a consistent design language across lounge, guest, task adjacent, and stool seating. A tightly channeled seat and woven textile create a simple, sophisticated aesthetic, while a minimal parts philosophy enables multiple silhouettes with fewer components.

Choose from wood bases on lounge and guest chairs, or metal options on Y-base, table, and stool models with a curated palette of textiles to fit a wide range of spaces, all without overcomplicating specification.

Cohesive by design

A shared seat profile and channel-stitched cushion keep every model visually related, so multi-area projects look intentional from reception to café.

Easy to plan, easy to trust

Each model shares a consistent footprint and proportional balance, making space planning intuitive and predictable.

Ready for real work

From casual huddles to extended daily use and quick collaborations, base options add the right functionality, wood for warmth, metal for durability, swivel for motion, and stool for height, so each seat fits its setting.

Jest Lounge Chair

Lounge level comfort with a refined footprint.

- **Inviting comfort**

Fixed, cushioned seat offers supportive comfort without bulk.
