FRÍANT

The Scope Table Collection

FRÍANT

"Scope is defined by all the work that needs to be done in order to achieve a project's objectives."
These tables help you do that and more. Create spaces beyond the workstation that can foster connectivity or focus with this creative line of tables and worksurfaces.

Ready to be where you want to be.

Sizes and Shapes

You can find the perfect fit with a wide range of shapes and sizes with surfaces and materials that meet all commercial requirements.

Base Options

Scope tables feature a low-profile weighted base for stability with a tubular steel column. These metal bases are offered in four heights. Paired with a range of Friant bar & counter-height stools, and soft seating it's easy to create a lounge area, meeting space, cafe space, and more.

Top finish options

Top and edge color is Friant standard M# laminate and PVC edge.
