## Terms and Conditions

---

### PRICES

Pricing is delivered, freight included to 48 contiguous states. Specific requirements apply, minimum order required, see freight policy for details. See complete freight rules and policy on [www.friant.com](http://www.friant.com).

### ORDERING

Purchase Orders should be sent to [orders@friant.com](mailto:orders@friant.com) or faxed to (510) 535-6895. If your specifications were created with CAP, GIZA or Project Matrix, please send the worksheet (.SP4, or .SIF) with your Purchase Order.

### TERMS

Net 30 days from date of invoice. Invoices are delinquent if not paid 30 days from date of invoice. In the event timely payment is not made, interest will be charged at the rate of 1.5% per month on delinquent accounts. Buyers will also be liable for normal collection costs and attorney's fee. 50% deposit is required with every order, unless prior arrangements have been made.

### ORDERS

Orders are only accepted by issuance of our formal acknowledgment, and are subject to the terms set forth herein and on our order acknowledgment. It is the responsibility of the buyer to review our acknowledgment for accuracy.

### LEAD TIME

Lead times are subject to availability, see [www.Friant.com](http://www.Friant.com) for details.

### SHIPPING

Friant generally palletizes, boxes and/or shrink-wraps its products. If buyer requests additional packaging or special shipping, then it is responsible for any extra costs that result. Buyer obtains title to products and assumes the risk of loss for them upon shipment from Friant's plant.

### CLAIMS

We are not responsible for damage suffered in transit. Merchandise should be inspected for possible freight damage upon delivery. The consignee should file for damage or shortages with the carrier within 5 days of delivery. You are also protected for "concealed damage" if you file claim with the carrier within 5 days of delivery. Buyer must make all claims against Friant for defects, errors or shortages in writing within 10 days after delivery. Failure to make such a claim shall constitute full acceptance.

### RETURNS

No merchandise may be returned without our written consent and shipping instructions. Unauthorized returns will not be accepted and will be returned freight collect.

### PARTIAL SHIPMENTS

We will make every attempt to ship orders complete and on schedule. However, we reserve the right to make partial shipments, as merchandise is ready. Invoices covering these shipments are to be paid as they become due.

### ORDER CHANGE/CANCELLATIONS

Our order confirmation is final and binding. Product is made to order, no returns or cancellations are permitted. For the most up to date information, always review the order change/cancellation policy online.

### SHIPMENT AND PREPAID FREIGHT

Unless otherwise instructed, we reserve the option to ship by what is, in our opinion, the best possible way. Upon request, we will prepay and add freight for accounts with established credit.

### DELIVERY

We are not liable for delay or failure of delivery due to strikes and/or differences with workmen, war, riot, fire, compliance with government regulations, acts of nature, failure or delays of sources of supply, or any other causes beyond our control.

### STORAGE

If buyer cannot accept delivery when merchandise is ready, we reserve the right to transfer goods to storage. Costs of transfer and storage will be charged to the buyer's account, and we will deem such transfer as constituting shipment for all purposes, including invoicing, as of the date the transfer is made.

## Terms and Conditions

---

### CONSTRUCTION — SPECIFICATIONS

All items are produced to price list specifications unless otherwise advised. All dimensions shown are approximate. Manufacturer reserves the right to make modifications and/or improvements without prior notice.

### FABRIC APPLICATION

Standard fabric application is non-directional. Friant & Associates is not responsible for charges associated with replacement of products due to incorrect specifications. Certain product construction and sizes require fabric to be applied only Directionally or Non-Directionally. See individual pricebook specifications for details.

### CUSTOMER'S OWN MATERIAL

Yardage requirement is based on 66" wide plain covering material, and must be increased if less than 66" wide. Special instructions for handling material (pattern, directional fabric, right side of reversible fabric, etc.) must be submitted in writing before fabric is delivered. In the absence of special instructions, we reserve the right to use our own judgment. We reserve the right to reject any covering, which in our opinion, is unsuitable for our upholstery purposes. However, in no instance shall we be held responsible for unsatisfactory results due to use of covering unsuitable for our upholstery methods.

We will not be responsible for errors caused by buyers not supplying us with sample cuttings attached to their order giving full identification of covering material, (name of supplier, covering name, number and color) for identification purposes and advising us of model number and quantity to which each cover is to be applied.

Customer's own material that is shipped freight collect will be refused. A service charge will be applied for the return of unusable C.O.M. Contact factory.

### RIGHTS AND WARRANTIES — LIMITED LIFETIME

This warranty is given to the initial purchaser and is valid from the date of purchase, for as long as the initial purchaser owns the product. This warranty covers defects in material and craftsmanship found during normal usage of the product during the warranty period. Normal usage is defined by 8 hour shifts in the product's intended application and in an indoor environment that conforms to the ANSI/ASHRAE Standard 55: Thermal Environmental Conditions for Human Occupancy (relating to air temperature, mean radiant temperature, air velocity, clothing insulation, metabolic rate, and humidity). Friant's warranty does not cover usage other than normal usage as defined in the previous sentence. If the product is defective, and if written notice of the defect is given to Friant & Associates within the applicable warranty period, Friant & Associates, at its option, will either repair or replace the defective product with a comparable component or product. This warranty applies to all products except as noted below.

High wear parts, such as wood veneer, fabrics, laminates, acrylic, and other covering material/finishes, foam, glides, etc. are warranted for one (1) year. This warranty does not apply to damage caused by a carrier, alteration to the product not expressly authorized by Friant & Associates, nor to product considered to be of a consumable nature such as bulbs, light ballasts, etc. It also does not apply to "Customer's Own Material" (i.e. material specified by the customer that is not a standard Friant & Associates offering) used in the manufacture of Friant & Associates products.

Many Shield products are offered with flexible mounting options that can be utilized in many different applications and paired with many different furniture solutions. It is the sole responsibility of the ordering dealer to identify the proper application, order appropriate hardware and ensure all Shield products are securely and safely installed. Shield products have not been certified by a 3rd party laboratory to meet or exceed ANSI/BIFMA standards.

Product is made to order, no returns or cancellations.

Our warranty for LED lights is 2 years.

Friant & Associates does not warrant the matching of colors, grain or texture, except to within commercially acceptable standards. This includes normal variations between dye lots (fabrics).

A product will not be considered defective, and Friant & Associates will not be obligated to replace it, if it is not installed in a proper manner (i.e. product not leveled, not secured properly, etc.) or if it is not used in a manner and/or in an environment that constitutes normal usage, as defined above.

Except as noted above, Friant & Associates makes no express or implied warranties to any product, and in particular makes no warranty of fitness for any particular use. At Friant & Associates' option, product repair and replacement is the customer's exclusive remedy for any and all product defects.

Friant & Associates shall not be liable for consequential, economic, or incidental damages arising from any product defect.

## Terms and Conditions

### **CALIFORNIA PROP 65 WARNING**

Products in this catalog can expose you to chemicals including wood dust, which is known to the State of California to cause cancer or birth defects or other reproductive harm. For more information go to <https://www.p65warnings.ca.gov/products/furniture-products>.”

### **CARB**

Friant products are CARB 93120 compliant for formaldehyde (phase 2)

### **TSCA TITLE VI**

Friant products are TSCA Title VI Compliant

### **MAS**

Accredited Compliance Designation - ANSI/BIFMA x7.1 & e3-2014 7.6.1, 7.6.2, 7.6.3

California Dept. Of Public Health Standard Method v1.2

Conforms With: LEED v4

Criteria of MAS Certified Green ® Program

## Finish Care & Maintenance Guide

With regular care and maintenance, your Friant furniture will provide years of superior performance and satisfaction. To maintain the finish quality of your Friant products, please follow the cleaning procedures provided below. The instruction for the care and maintenance of Friant products are provided to you as a service. No warranty is implied, since we cannot monitor the methods and materials used for maintenance.

### COATED METAL

For normal cleaning, wipe coated metal surfaces with a soft cloth, soaked in detergent and warm water; rinse thoroughly and dry. Remove scuff marks from low-gloss coatings with pre-softened paste wax, following the manufacturer's instructions.

Remove scuff marks and scratches from high-gloss coatings using automotive polishing compounds, either liquid or paste. After polishing, apply a pre-softened automotive paste wax to restore original sheen.

### POLISHED ALUMINUM

For normal cleaning, apply a pre-softened paste wax to polished aluminum components following the manufacturer's instructions. In humid atmospheres near salt water, apply the wax once a month. In other areas, apply wax every three months to maintain the appearance of the aluminum.

### POLISHED CHROME

For normal cleaning, wet cheesecloth in a nonabrasive cleaner, like liquid dish soap, and rub the chrome component lightly until the original luster reappears. Dry the component with a soft cloth to remove any soap residue.

### SEATING/ PANEL FABRICS

The following are general recommendations to maintain the good condition of your panel fabric:

- Vacuum the fabric periodically to remove accumulated dirt and dust. The required frequency of this and any other routine maintenance is determined by end use conditions.
- Blot fresh spills immediately.
- Ensure that the fabric is adequately rinsed after cleaning, as residual cleaning agents may accelerate soiling.
- Have the fabric professionally cleaned whenever large stains or an overall soiled conditions occurs.

For most water-based stains, a clean, absorbent cloth dampened with a detergent solution (e.g. 1 teaspoon laundry detergent/1 pint warm water) should be applied to the stain. Blot the fabric with the treated cloth, working from the outer edge of the stained area, moving inward. In order to effectively draw out the stain, renew the cleaning cloth frequently. Rinse well with clear water, and dry the fabric as quickly as practical. Oil-based stains may be treated in manufacturer's recommendations for using such products, and always pretest an inconspicuous area of the fabric for colorfastness to the cleaning agent.

For stains that do not respond to these basic methods, please contact a professional upholstery cleaner.

### LAMINATES

For normal cleaning, wipe the laminate with a soft cloth and a solution of mild detergent and warm water. Rinse thoroughly and dry with a soft cloth.

For minor repair of stubborn marks, apply a nonabrasive liquid kitchen cleanser with a soft cloth soaked in warm water. Rub in the direction of the grain; use caution to avoid damaging the surface texture or gloss. If no grain direction is visible, rub with a light, circular motion.

You can use acetone, alcohol, Windex, or a typical non-abrasive house hold cleaner including a bleach water solution. Do not use powdered abrasives or other harsh cleansers like hypochlorite bleach, hydrogen peroxide, nitric or hydrochloric acids or lye; they may deface the surface and change the finish color.

### WOOD & VENEER

For normal cleaning, dust furniture daily with a slightly damp, soft, lint-free cloth. Wipe dry with a dry, soft cloth in the direction of the wood grain.

Once a month, clean the surface with a soft cloth dampened with a quality cleaner formulated for wood furniture. Wipe the surface in the direction of the wood grain to remove dirt and fingerprints. Wipe dry with a clean, dry cloth.

Twice a year, apply a good quality emulsion wax with a soft cloth. Emulsion wax is clear and prevents fingerprints. Do not use aerosol-powered cleaners, polishes, waxes, abrasive cleaners, or oily polishes.

For minor repair of water rings, stains and scratches, rub the surface lightly in the direction of the wood grain using No. 000 steel wool. Apply a scratch-removing polish with a color and value that simulate the veneer. If the scratches are deep, consult a professional furniture refinisher.

### GLASS

Use cleaning products specifically designed for glass.

### ACRYLIC

Start by looking at how dirty the surface is. This will help you determine how strong of a cleaning solution you need to use. In some cases you might want to use a spray bottle or soak the surfaces if possible. For daily cleaning wipe acrylic surfaces with a soft cloth soaked in mild dish soap and warm water. Rinse thoroughly and dry with a soft cloth. Do not use solvents or abrasive kitchen cleaners.

### CHAIR BASES

For normal cleaning, wipe bases with warm, soapy water. Rinse and wipe dry with a soft cloth. Do not use any solvents or abrasive materials.

**Fabric is scheduled for discontinuation when inventory is exhausted. Please contact Customer Service for current stock levels. After discontinuation fabric will be available with extended lead time, subject to minimum yardage requirements.**

### NOTES:

- Passage and Terrain are not available on acoustical panels, pedestal cushions, tackboards or fabric screens.
- Please refer to the Fabric Direction Section in the Materials Reference Guide on the Dealer Resource Center for more details: <http://dealers.friant.com/dealers/product-literature/>
- Order fabric / finish sample online at [www.friant.com](http://www.friant.com)
- Colors may vary slightly between dye lots.

## Pattern Direction

- Fabric direction is not always determined by the way the pattern is shown on memo sample.
- Certain product construction and sizes require fabric to be applied only Directionally or Non-Directionally.
- Some products have fabric applied either Directionally or Non-Directionally. (Upcharges may apply on some products, see price books for details).
- Please refer to our Materials Reference Guide on the Dealer Resource Center for specific pattern application defaults on all of our products : <http://dealers.friant.com/dealers/product-literature/>
- Our Customer Service Team is happy to answer any questions regarding fabric direction.

## Standard Finishes

Use the matrix below to identify surface and hardpanel finish options. Please note, M1-M13 offer close matching finishes, while M14-M29 are paired as color matched finishes.

## Shield Acrylic Screen, Panel-Mounted

### DESCRIPTION

Shield clear acrylic screen with panel-mount hardware attachment.

### NOTES

- Panel hardware clamps on to most panels 1.6"-3.6" thick
- Select bracket size:
  - H1 for panels 1.6"-2" thick
  - H2 for panels 2.1"-2.5" thick
  - H3 for panels 2.6"-3" thick
  - H4 for panels 3.1"-3.6" thick
- For System 2 and Novo, use H1 brackets
- For Interra, use H3 brackets
- Hardware is silver
- Clear acrylic screen, 5mm thick
- Actual screen size is less 1/2" high and 1/8" wide
- Screen cannot be used at change of height location. Screen width does not accommodate change of height trim
- Sold individually

### SPECIFICATION OPTIONS

**product #:** see charts below  
**bracket size:** H1-H4, see sizes below

## Privacy Screen, Fabric

### DESCRIPTION

Work Surface mounted fabric covered privacy screen

### NOTES

- Fabric screen is non-tackable
- To use a wire manager on your My-Hite table with a fabric covered privacy screen, you must order "with gap".
- Actual screen is shorter than the worktop.
- Example: FPSFLUSH.2448 for use on 46"/48" width table, actual width of screen is 40".
- **Passage and Terrain fabric not approved for this application**

### SPECIFICATION OPTIONS

**product #** see charts below

**Paint (Brackets):** CW, BU, SV

**fabric:** see page 7 (Passage and Terrain fabric not approved for this application)

### ORDER EXAMPLE

**product #:** FPSFLUSH.2448

**brackets:** SV, Silver

**fabric:** PF-101-2 Slide, Slate

### Fabric Privacy Screen - Flush

Have grommet? Go flush

PART #	HEIGHT	WIDTH	LIST
FPSFLUSH.2442	24"	34"	\$505
FPSFLUSH.2448	24"	40"	\$547
FPSFLUSH.2454	24"	46"	\$589
FPSFLUSH.2460	24"	52"	\$633
FPSFLUSH.2466	24"	58"	\$676
FPSFLUSH.2472	24"	64"	\$719

### NOTES

- Privacy screen sits flush with the back of the worktop.
- Privacy screen is 8" shorter than free standing top width and 6" shorter than a worksurface from a paneled system.
- Example:
- FSQAHT-2460 order FPSFLUSH.2460 (actual width 52')

### Fabric Privacy Screen with Wire Management Gap

Need space between the screen and top? Add gap

PART #	HEIGHT	WIDTH	LIST
FPSGAP.2442	24"	34"	\$505

- Privacy screen sits flush with the back of the worktop.
- Privacy screen is 8" shorter than free standing top width and 6" shorter than a worksurface from a paneled system.

Example:

1. FSQAHT-2460 order FLPSGAP.2460 (actual width 52")

## Flyp Screens

(3) Screens shown

### DESCRIPTION

Surface mounted PET screens, including hardware

### NOTES

- Screens sold individually
- Includes: (2) supporting brackets per screen
- Mounts to the underside of any laminate/veneer worksurface
- Screens can extend above or below worksurface
- Screen color is Sesame Black only
- Mounting hardware is Cool Grey
- Note actual widths of screens below

### SPECIFICATION OPTIONS

**product #:** see charts below

### ORDER EXAMPLE

**product #:** FPSFLYP.2258

### Flyp Screen

PART #	HEIGHT	WIDTH	LIST
FPSFLYP.2246	22"	46"	\$445
FPSFLYP.2258	22"	58"	\$622
FPSFLYP.2270	22"	70"	\$682

### NOTES

- Screen mounts to the underside of any laminate/veneer worksurface

### Flyp Side Screen

PART #	HEIGHT	WIDTH	LIST
FPSFLYP.2224	22"	23.5"	\$324

### NOTES

- Screen mounts to the underside of any laminate/veneer worksurface

For use with  
**VERITY**

## Supporting Cabinets

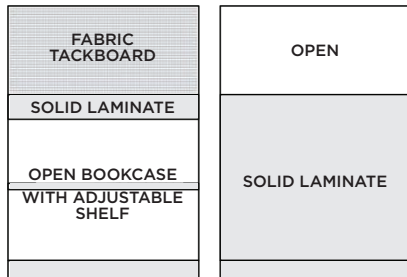

DESCRIPTION	SPECIFICATION OPTIONS
Storage support elements on one side.	<b>product #:</b> see charts below <b>front, casing &amp; worksurface finish (if applicable):</b> See surface laminates on page 9 <b>fabric:</b> See page 7

Supporting cabinet for over-worksurface mounted cabinets.

Specify top, casing and front finish

Opposite side is closed at top and open at bottom.

## Track Mounted Fabric Screen

### DESCRIPTION

Accessories mounted to the center track.  
Please view individual product details below.

### SPECIFICATION OPTIONS

**product #:** see charts below  
**fabric (if applicable):** see page 7  
**(Passage and Terrain fabric not approved for this application)**  
**paint (bracket):** CW, BU, or SV

### NOTES

Mounts to Verity track  
Support brackets available in CW, BU and SV  
A shelf cannot be installed in the same position as the track mounted tackboard.

### ORDER EXAMPLE

**product #:** FVTKBDT.1560  
**fabric:** PF-101-2 Slide, Slate  
**paint:** CW Cloud White

**Passage and Terrain fabric not approved for this application**

### FABRIC TACKBOARD 15" (track-mounted)

PART #	HEIGHT	WIDTH	DEPTH	WT. (LBS)	LIST	NOTES
FVMKRW.1522	15"	22"	1"	—	\$340	Markerboard with write and erase surface.
FVMKRW.1528	15"	28"	1"	—	\$441	Includes hardware.

For use with  
**INTERRA**

## Stacking Frames

### DESCRIPTION

Stacking Frame attaches to the top of a Standard Frame, and holds individual tiles on both sides.

### NOTES

- Up to two stacking frames can be added to a base frame for a combined height of 45, 53, 61, 69, or 85
- Specify connector to match combined height
- Order change of height trim if needed
- One stacking frame IS load bearing if next to a connector of another frame of equal height
- Two stacking frames are NOT load bearing and must be placed adjacent to another frame or connector of the same height or taller
- Attachment hardware included
- Top cap from base frame is installed on stacking frame
- Stacking frames can accept fabric, perforated metal, stacking window, or rail tiles only

### SPECIFICATION OPTIONS

**product #:** see charts below

### ORDER EXAMPLE

**product #:** FISF.1624

PART #	HEIGHT	WIDTH	DEPTH	PRICE
FISF.1624	16-3/4"	24"	1-11/16"	\$72
FISF.1630	16-3/4"	30"	1-11/16"	\$75

## Frameless Glass | Clear

DESCRIPTION

Frameless glass mounted to Interra panel top cap

SPECIFICATION OPTIONS

product #: see charts below

NOTES

- Frameless Glass screens are attached to the top of a single frame with included hardware.
- Matches the width of the frame.
- 3/4" gap between glass in a straight line
- 5/16" gap at change of height bracket
- Frameless glass will not fit between two taller panels at change of height. Frameless glass is narrow enough to accommodate adjacent change of height trim on one side, but not both.
